Breaking Stirrup Causes a Dead Heat in Last Race on the Card.

Enfield won the handicap Monday from Beach Sand, Intrinsic and Ocean Queen. Enfield started going opposite the grand stand and finished in front by an even length, beating Beach Sand to the handicap purse. Enfield was given 113 pounds to carry and he got away with the load beautifully. Beach Sand affered all of the opposition throughout the race and finished gamely, after spolling Intrinsic's chances by interfering with him at

Spokane, Wash., March 7 .- Preparations are now complete for the opening tomorrow of the greatest bowling tournament the west has ever seen. Not only will the cash prizes be the largest ever offered on this continent for winners of the various events, but he officers of the Western Bowling congress, under whose auspices the affair is being held, have chartered private cars and toured the United States to interest the pin experts of he various cities.

This active campaign to secure tal-ent, which was carried on under the direction of J. Oscar Peterson, II., first vice president of the congress, has re-sulted in a card that is believed to excel every previous effort to corral bowling enthusiasts. He states that 1500 bowlers will line up at the state armory, where six new alleys have been constructed, to listen to the open-ing address of president R. Lewis Rutter, and confidently expects that be fare the close of the tournament on March 17, at least 500 more will arrive to take part in the special events which which are scheduled on the pro-

Mine in the Parral District Brings \$205,000 at Auction.

Parral, Chih., Mex., March 7.-The Hinds Consolidated mining property in the Santa Barbara district has been \$205,000 to the bond holders, who were epresented by the Guardian Savings & Trust company of Cleveland, O.

The sale was made to secure an Issue of \$500,000 gold bonds made by the company in 1907; the embargo was held by M. L. Hutchins of this city and the price paid for the property by its present owners represented the amount of

the embargo.

The bond holders have organized a new company to be known as the Reforma Mining company; no arrange-ments have been perfected thus far, but a representative of the company stated to our staff correspondent a few days ago that actual operations would begin just as soon as the present political disorders have censed suffi-ciently to permit of a start being made. The Hinds company was organized in

1907 and actual work on their prop-erties continued until 1909 when they ceased operations for several causes Much money was spent on improve-ments such as installing a railroad spur from the main line of the National rail-road to the mine; the purchase of an engine and cars, up to date pumping apparatus and every known modern piece of machinery for the successful

### STRONG NAVY TO PRESERVE PEACE

Navy League of the United States in Session in California.

Los Angeles, Cal., March 7 .- The Navy League of the United States, of latter, which Gen. Horace Porter, ex-ambassador to France, is the president, is holding its annual convention in Los Angeles. It opened today and con-tinues Wednesday. The league has a membership of nearly 7000 representative Americans scattered in some 23 different states.

It has been the custom to hold the annual convention in Washington or some other city on the eastern coast, where the bulk of the membership re-side, but the directors recently decided that a suggestion that the next convention should be held on the Pacific coast would not only show the national character of the league, but give publicity to the peculiar naval needs of the west coast and the new problems arising on the completion of the Panama canal.

The leaders in the Navy league movement appreciate the folly of jingosm and war alarm, yet they believe that the time is peculiarly ripe for a campaign of wide publicity for the direct purpose of educating the public that an adequate navy is the best guaranty of peace with honor and jus-

tice, not "peace at any price."

The league also appreciates the need of educating the public that there should be more rapid promotion of naval officers to the rank of flag officers and captains. It is believed that having the right officers of experience to choose from will, when a test comes, prove of much more importance than mere numbers of battleships."

The convention is the most imnor tant in the history of the league, and is expected to be the means of calling the attention of the people generally to the need of maintaining our pres-ent policy of a navy commensurate with our long coast lines and other territory, and our importance as a world power. Said A. H. Dodmum, nding secretary of the league "The Monroe doctrine is \$7 years old.

but has received only a passive acquiesence from the world powers. This doctrine is a live force in the world simply because it is promulgated by a strong nation possessing a strong navy. The "open door" policy to China and the integrity of that great nation of 450,000,000 people are today live world questions which may demand at any time a reaffirmation by a strong nation possessing a strong navy. Russia still continues to violate old treaties and refuse the American of Jewish birth although he may have been born on the soil of the United States, entrance to that country, and requests from our state department for just treatment of the Jewish American fail to receive favorable consideration. This cannot so on indefinitely, but weak navul pelley would only postpone just treatment to the American Jew.

The directors and leaders of the Navy league movement although in sympathy with all movements having for their object the arbitration of in-ternational difficulties, believe that the league will have for years to come a wide field of usefulness in continuing to spread before the citizens of

"I am pleased to inform you that I have been cured by Cuticura Soap and Ointment. Since I was a boy I have suffered with dandruff, not only from the itching but from its disagreeable appearance in a scaly form all over my head. I had to brush it off my clothes all day long. I used every kind of preparation supposed to cure dandruff, also soaps and shampoos, but it seemed to me that, instead of improving with these remedies, the dandruff increased, even my hair began to fall out and the result was that two months ago eczema

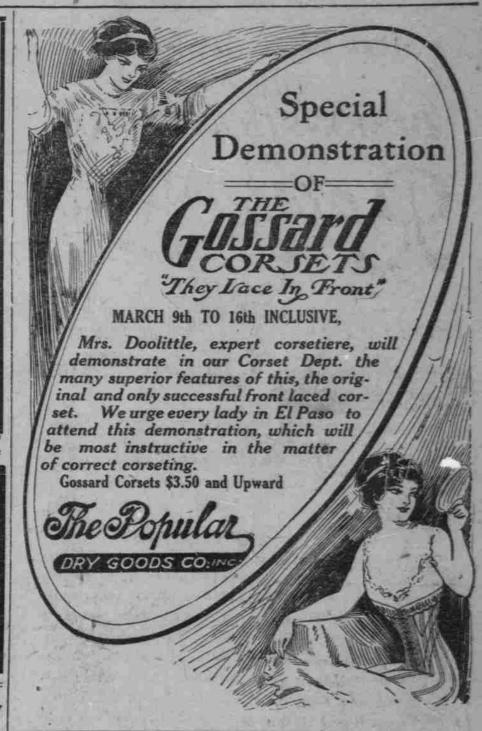

even my hair began to fall out and the result was that two months ago eczema developed on my scalp.

"I suffered so from this that as a last resource I thought I would try Cuticura Soap and Cuticura Ointment. They had the most gratifying results for I had used only one box of Cuticura Ointment and a single cake of Cuticura Soap when I was cured, the eczema and dandruff were gone and my head perfectly clear.

"I can assure you that so long as I live no other soap than Cuticura will be used by me and all those near to me. I will also add that I will always use Cuticura Ointment as a dressing for the hair. I feel that you should know of my cure and if you desire you may use this as a true testimonial which comes from a sufferer of thirty years' standing. I vill be happy to tell any one of my experience in order to assist those who may be suffering from the same disease. J. Acevedo, General Commission Merchant, 59 Pearl St., New York, Apr. 21, 1910."

Cuticurs Remedies afford the most economical treatment for affections of the skin and scalp. A cake of Cuticura Soap (25e) and a box of Cuticura Cintment (50c) are often sufficient. Sold throughout the world. Potter Drug & Chem. Corp., Sols Props. 135 Columbus Ave., Roston, Mass.
